Dear Nigel Banks:

**Re: Building Safety Advisory Council**

I am pleased to confirm your appointment as an alternate member to the Building Safety Advisory Council (BSAC) for a term of three years commencing January 1, 1995.

During these three years you will have the challenging task of representing the various industry groups within the building construction industry and providing advice and recommendations on issues that are brought before the BSAC. Of particular significance and value to me will be the expertise you and other members can contribute to the renewal of the Province's building regulatory system, a task which as you probably know, began in earnest last year with the publication and distribution of the public paper entitled "Options for Renewal".

I have attached for your information a copy of the terms of reference of the Council as well as a list of other members and the organizations represented on the Council. The first meeting of 1995 for the Council has been scheduled for Friday, January 27, 1995, in the Councillor's Lounge at the Surrey Municipal Hall. Further details and meeting agenda will be forthcoming from the Secretary for the Council.

As a member, you will be entitled to out-of-pocket expenses allowed for Group 2 employees in accordance with government policy.

Should you have any general questions about the Council please contact Ken Coldwell, Secretary for the Council, at the Building Standards Branch of this Ministry at 356-6237.

Thank you for agreeing to participate in this worthwhile endeavour.

Sincerely,

Minister's Log No.	N/A
Branch Initials (A/T)	BSB - KC/cs
Branch File	280 & 202.20/BSAC
Minister's Diary	
Branch Diary	Dar-94-84

Darlene Marzari  
Minister
