

Vehicle Inspection and Standards Bulletin

Re: Pressure Fuel Endorsements (Authorized Inspectors and Designated Inspection Facilities)

Commercial Vehicle Safety and Enforcement Branch has initiated a change in business procedures regarding the issuance of Pressure Fuel Endorsements to Authorized Inspectors and Designated Inspection Facilities.

Effective immediately, proof of current Pressure Fuel Certification will be required for all Authorized Inspector Applications and Renewal Applications, and all Designated Inspection Facility Applications and Renewal Applications. Please submit a legible photocopy of each Pressure Fuel Certification (expiry date mandatory), as issued by the B.C. Safety Authority, with your application form.

Questions may be directed to your local Motor Vehicle Inspector. Contact numbers can be obtained from our website: www.th.gov.bc.ca/cvse/vehicle_inspections/index.htm

Yours truly,

Mike Woods, Manager
Vehicle Inspection and Standards
