Vehicle Safety and Standards

NOTICE

To All Designated Inspection Facilities and Authorized Inspectors

Re: Trailer Inspection Exemption Order

This notice applies to the following classes of commercial trailers licensed under the Commercial Transport Act Motor Vehicle Act. These classes are EXEMPT from inspections required under Motor Vehicle Act Regulation Division 25.01(2)(f).

List "A" exempt regardless of rate class:

Aerator	Bear Trap	Cement	Compressor	Concession
Conveyor	Crusher	Drill	Generator	Horse
Laboratory	Light Plant	Mixer	Mobile Machinery	Motorcycle
Mower	Office	Pipe	Pump	Rod ender
Roller	Snowmobile	Spreader	Sweeper	Tar kettle
Welder	Wood Splitter			

List "B" exempt regardless of body style:

All rate class 510	All rate class 551
--------------------	--------------------

A commercial trailer, equipped with air brakes, towed by an "A" plated power unit having a gross vehicle weight greater than 17,300 kg is NOT exempt.

Rate class 510 includes trailers towed by:

- A motor vehicle insured for pleasure use only
- A motor vehicle insured as either an Emergency Motor Vehicle or a Volunteer Fire Department Vehicle
- A road building machine or industrial machine
- A bus (public, airport, charter, religious)
- A golf cart
- A snowmobile
- A motor vehicle insured for business use (rate class 007 on reg) (not commercial use)

A private vehicle or CMV licensed GVW 5000 kg or less or insured as an artisan
A delivery vehicle (including CMV licensed GVW 5000 kg or less) i.e. courier, food service,
mail delivery
A motor vehicle insured for farm use or fisherman use
A farm tractor
A CMV used for service work by a municipal government (conditional factor MG on reg)
A CMV licensed GVW 5000 kg or less used in logging or silviculture industry
A U-drive motor home
A U-drive CMV licensed GVW 5000 kg or less

Rate class 551 specifies trailers insured for pleasure use only.
